AND MORE...

FROM THE DESKS OF OUR LEADERS

Welcome to the Spring 2025 edition of the AUSTSWIM Bulletin, a celebration of the people, programs and partnerships driving excellence in aquatic education across Australia and beyond.

As Australia's most trusted provider of swimming and water safety teacher education, AUSTSWIM is proud to highlight the stories, initiatives and achievements that reflect our shared commitment to saving lives through quality teaching.

In this issue, we recognise our 2025 AUSTSWIM Awards of Excellence winners, explore the importance of safeguarding, share insights from the National Aquatic Industry Workforce Report, and introduce new training opportunities including our Aqua Exercise Instructor and Towards Competitive Strokes and Coaching (TCSC) courses.

Every article in this Bulletin shows what makes AUSTSWIM unique. We are focused on teacher quality, industry collaboration and ongoing professional development.

If you're not yet part of the AUSTSWIM community, now is the perfect time to get involved:

- 👉 Join the [AUSTSWIM Swim School Network](#) and be recognised as part of Australia's most trusted swim teaching community.
- 👉 Enrol in a [Teacher of Swimming and Water Safety](#) or [Extension course](#) to build your teaching career.
- 👉 Complete one of our [Professional Development courses](#) to expand your knowledge and stay current in the industry.

Together, we can make sure every Australian has access to safe and high-quality swimming and water safety education.

Brad Maunsell (AUSTSWIM Chief Executive Officer)

Georgie Nichol (AUSTSWIM Executive General Manager)

2025 AWARDS OF EXCELLENCE

Earlier this month, AUSTSWIM was proud to announce the winners for the AUSTSWIM 2025 Awards of Excellence.

The awards began in 2004 with just three national award categories. These awards have now continued to grow to recognise the incredible impact our Australian and International Teachers have on industry and their outstanding accomplishments. The growth of AUSTSWIM's awards is a testament to the dedication and passion within our industry and the continued importance of aquatic education.

We are incredibly proud to see our industry come together to recognise brilliance, commitment, and innovation in the teaching of swimming and water safety.

Australia

Teacher of the Year	Ji-Yeon Kiddle (New South Wales)
New Teacher of the Year	Isabel Santibanez (New South Wales)

AUSTSWIM Professional Development

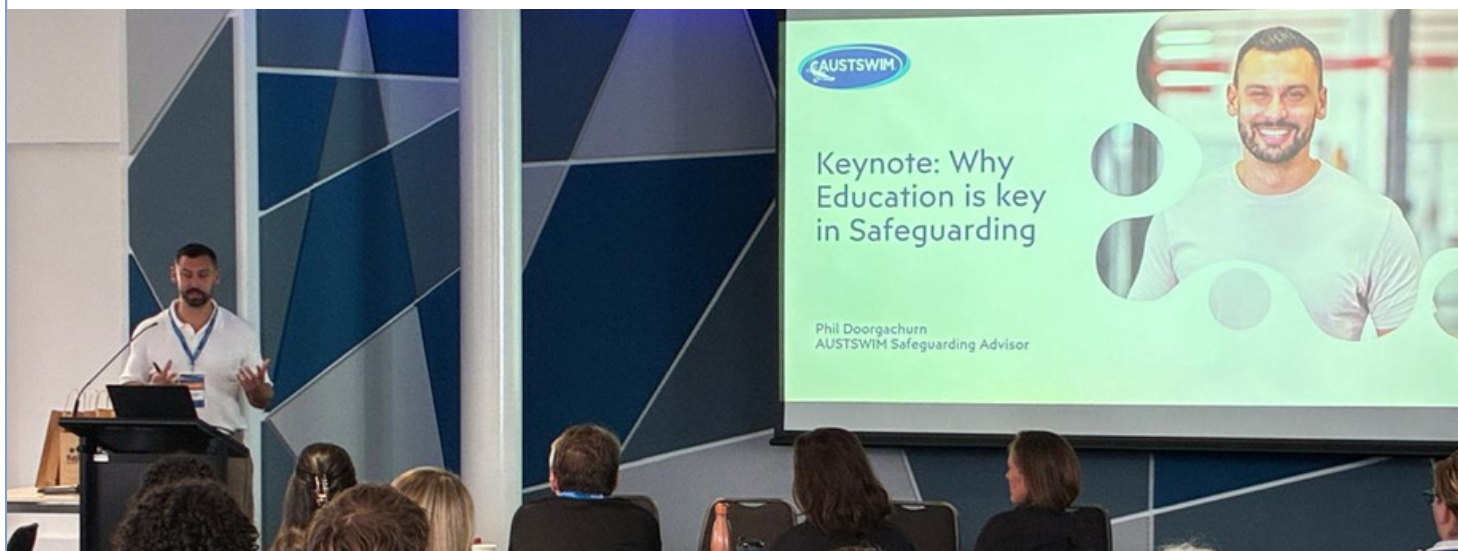

CHAMPIONING CHILD SAFETY

To date more than 200 aquatic industry professionals have undertaken our online safeguarding professional development for swim teachers, co-created with our safeguarding advisor Phil Doorgachurn. Feedback has been extremely positive.

The course explores the 5 R's of safeguarding - **Recognise, Respond, Report, Record, and Reflect** - while gaining insight into child abuse statistics in Australia and the **10 National Principles for Child Safe Organisations**.

You can now complete the training in your own time, and earn 5 hours of PD.

NEW

TOWARDS COMPETITIVE STROKES AND COACHING

NEW

Your pathway to becoming a licensed Australian Swim Coach

To coach on pool deck in Australia, it's important that you hold your Australian Swim Coach Licence. To obtain your licence, you'll need to:

1. Complete a Swimming Australia-approved prerequisite course (such as our TCSC Course)
2. Complete the Development Coaching Course

The TCSC pre-requisite course is more than just a step into coaching - it's your chance to build a strong foundation for success.

With a focus on stroke technique, advanced learn-to-swim progression, and the fundamentals of coaching, the course prepares you for success on the pool deck.

Who is eligible?

Anyone aged 16 years or older can register for this course.

It's ideal for:

1. **Swimming teachers** ready to deepen their technical expertise and extend into higher levels of learn to swim teaching.
2. **Aspiring licensed swim coaches** who need the required certification to enrol in the Development Coaching Course and begin their coaching career in Australia.
3. **Anyone! Parents, Students, Active or Former Athletes** - If you have a keen interest in learning more about swimming technique and you are considering a career in the aquatic industry, this prerequisite course provides an excellent opportunity to learn.

Note: You do not need to hold an AUSTSWIM Teacher of Swimming and Water Safety qualification to enrol. Computer/internet access required only for participants undertaking the trainer-led online version.

NATIONAL DROWNING REPORT 2025

The National Drowning Report 2025 released last month by Royal Life and Surf Life Saving Australia revealed heartbreaking news:

- **357 lives lost** to drowning in the past year
- A **27% increase** on the **10-year average**
- The **highest number of drownings** since records began

Every statistic is a person, a family, a community impacted.

At AUSTSWIM, we believe every child deserves the chance to learn to swim. Quality swimming lessons, delivered by skilled teachers, give children lifesaving skills that stay with them for life.

Now is the time for action – together with governments, schools, communities and parents – to reverse this devastating trend.

Pictured from L-R at the launch of the report in Canberra:

Rob Woodhouse (CEO Swimming Australia), **Brad Maunsell** (CEO AUSTSWIM), **Adam Weir** (CEO Surf Life Saving Australia), **Brendon Ward** (CEO Swim Australia) and **Justin Scarr** (CEO Royal Life Saving Australia)

Join the national network of swim schools proudly aligned with Australia's most trusted swim teacher training organisation.

Our recently launched AUSTSWIM Swim School Network is already connecting over 70 swim schools around Australia with the benefits, credibility and recognition that come from being part of a national movement focused on safety, quality and lifelong aquatic education.

Whether you're a large swim school or a small community program, joining the network means you'll be recognised for your commitment to AUSTSWIM-accredited training, gain exclusive discounts, first access to networking opportunities and feature on our national Swim School Finder.

Membership quickly pays for itself with all members free or discounted enrolment benefit (valued at up to \$630) and a 10% saving for every candidate who enrolls in an AUSTSWIM course at your venue.

*The Swim School Network is currently an Australian only program.

ARE YOU **SUMMER** READY?

AUSTSWIM's spring teacher checklist is your guide to ensuring a successful summer ahead!

We're here to support your journey of growth and excellence.

Let's refresh, rejuvenate, and make sure you are summer ready!

checklist

Are you **summer** ready?

- ✓ Ensure your AUSTSWIM Teacher Licence is up-to-date
- ✓ Verify your Working With Children Check (WWCC)
- ✓ Check that your CPR certificate is current.
- ✓ Enrol in an AUSTSWIM elective course to expand your skills
- ✓ Access online resources to stay updated with the latest industry trends and teaching techniques.

Spring clean refresh brings summer success.

COURSE FUN IN TASMANIA

AUSTSWIM is pleased to report the recent participation of 30 new candidates in the Teacher of Swimming and Water Safety courses held in Hobart and Launceston during July and September. These candidates, once they complete all course requirements, will become qualified AUSTSWIM Teachers – a vital addition to our aquatic education workforce. Their contribution will help meet the growing demand for swimming and water safety instruction across the state, playing a crucial role in supporting drowning prevention efforts in Tasmania.

[Click here for the National Aquatic Industry Workforce Report 2025](#)

Royal Life Saving Australia, with the support of the National Aquatic Industry Committee and State and Territory Member organisations, has released the ***National Aquatic Industry Workforce Report 2025***.

Key Findings

- The national aquatic industry employs approximately 85,000 people.
- Key roles include swimming and water safety teachers (33%), lifeguards (20%), and customer service staff (15%).
- Women now represent 54% of senior leadership positions.

Issues & Needs

- Almost 45% of the aquatics workforce is employed casually, and 34% work fewer than 15 hours per week.
- Although the share of those working 32+ hours has more than tripled since 2019, this increase highlights a growing demand for greater job stability and financial security.

Challenges

- Occupational violence and aggression (OVA) remains a major concern, with 90% of workers reporting exposure and 25% experiencing it frequently.
- Safety perceptions are troubling—44% feel unsafe to a concerning degree, and 18% report feeling unsafe at an alarming level.
- While leadership quality is viewed positively by 57%, 15% rate it as low, showing uneven perceptions across the workforce.

Opportunities

- Over half of workers (53%) believe the aquatic industry offers strong career prospects, and 51% express long-term ambitions to remain in the sector.
- Staff continue to cite purpose and community contribution as the most fulfilling aspects of their roles, reinforcing the potential to attract and retain talent through values-based engagement.

World Wide Swim School Webinar

Inclusive teaching begins with the right language, attitudes, and understanding. In this practical session, discover strategies to communicate effectively, adapt lessons, and create a supportive aquatic environment where every swimmer can thrive.
