INTRODUCING NEW AUSTSWIM PROFESSIONAL DEVELOPMENT

At AUSTSWIM, we know child safety isn't optional – it's essential. That's why we've developed a new safeguarding course, co-designed with our expert advisor Phil Doorgachurn, to equip swim teachers, pool operators and aquatic professionals with the knowledge and confidence to uphold the highest standards of safeguarding children and young people.

This vital training explores child abuse statistics in Australia, the 10 National Principles for Child Safe Organisations, and covers the 5 R's of safeguarding – Recognise, Respond, Report, Record, Reflect.

Whether you're new to safeguarding or refreshing your knowledge, this course is critical for every swim teacher and swim school committed to creating safe aquatic environments.
